If your people will humble themselves
If your people will pray
If your people turn from their wicked ways
If your people will pray

Then you will hear from heaven
You will hear from heaven
Father, you will hear from heaven
And heal our land

Heal our land, heal our land, heal our land

Hear our cry, heal our land
Forgive us of our sin
Make us one, Your will be done
Revive us once again

Repeat Chorus

If your people will humble themselves
If your people will pray
If your people turn from their wicked ways
If your people will pray

Then you will hear from heaven
You will hear from heaven
Father, you will hear from heaven
And heal our land

Repeat Chorus
