Verse 1:

When I was young I used to pray that I would never go astray
Into a place I dare not stay

Verse 2:

I tried so hard not to fail but my own sin chased me away
from the dear Jesus I learned at home

Pre-Chorus:

I went to places I shouldn't be, away from God that I called, free
But in my heart I now cry for what I've done and wonder why
Deep in my heart, I'm all alone
I need you God, I'm coming home

Chorus:

I'm coming home, I'm coming home
I know that I am not worthy to be called your son
I'm coming home, I'm coming home
I'll be one of your servants, I'm coming home

Please take me home...
