BRADLEY CLARK - BIOGRAPHY

Bradley Clark, a "son-of-a-preacherman", was born into the ministry. Many of his family members are active in various capacities. This was something that he wanted no part of. After years of success and failure, triumph and sadness, Brad's life gave way to the effects of poor choices and desperation that comes with drug addiction.

By God's amazing grace, a lot of hard work, commitment, and determination he has been delivered and set free! His road has not been an easy one and the footprints are easy to feel in his music. Bradley's music shares the message that with God all things are possible; that your history is just another example of God's amazing grace and love. Bradley's mission is simple and clear: through Christ your tomorrow is amazing...get started on that tomorrow today!

Bradley Clark Band exists to proclaim the miraculous work Christ has done in their lives through music and testimony and they make no apologies for doing so. This band tells the story of redemption that's real and unabashed. BCB and members of BCB

have appeared on television numerous times and have worked on many projects with some amazing Gospel and Contemporary Christian recording artists.

Bradley, members of BCB, and guests who have performed on this latest album have worked with Jonno, Grammy Award Winner Daniel Winans, Darnisha Taylor, and Lincoln Brewster. BCB have performed nationally in churches, numerous outreach and special events, and their music is being heard throughout the world.

Bradley Clark Band is made up of great artists such as Val Topalu on Guitar, Rickey Sanchez on Percussion/Drums, Serge Tsvor on Bass, Dan Yarmiluk on Guitar, Erika Hibbard and Dewayne Cudney on background vocals and the BCB Choral Ensemble. Guests on
