"I've worked with a lot of signed artists and indie artists over the past 20 plus years and I've gotta say that Dave is one of the best. He's such a great singer/songwriter and musician that it just made my job easy. "Love is Here" is a song that Dave brought to the table after we had picked the songs for the record and as soon as he finished singing the first verse and chorus I was like "dude, yeh we're doing that song. That is a great song and people need to hear it". So I'm super pumped that now people will have a chance to hear this amazing artist and song!"

– **Scotty Wilbanks, producer & keyboardist for Third Day**
