I've been wrong so many times  
You've been with me and given me signs  
I used to feel lost and alone  
But You restored my very soul

And I, I'm in the service of the King  
And I, I really don't have much to bring  
And You, You gave me life eternally  
That's why I'm in the service of the King

I can't see the forest from the trees  
Yes You're close when I'm on my knees  
Whatever I do I do because of You  
There's nothing really I'd rather do

And I, I'm in the service of the King  
And I, I really don't have much to bring  
And You, You give me life eternally  
That's why I'm in the service of the King

Now there are walls and rumors of wars  
Signs in the heavens and in the stars  
Eagles circling the Promised Land  
Keep looking up and await the Master's plan

And I, I'm in the service of the King  
And I, I really don't have much to bring  
For You, You give me life eternally  
That's why I'm in the service  
That's why I'm in His service  
That's why I'm in the service of the King
