

Biography

Lights Align

We are a worship-based band bringing you a unique sound and fresh approach to contemporary worship. We were formed in September of 2012 through an audition process via Visible Music College. www.visible.edu

Through the combination of contemporary worship, electronic music, intriguing chord progressions, and lyrics filled with Scriptural truth, Lights Align strives to bring a fresh perspective to worshipping our Creator. Based out of Memphis TN, we signed with Madison Line Records, and will produce a full-length album by spring 2013. Our band is comprised of songwriters, music majors, and worship leaders attending Visible Music College. Coming from almost every region of the United States, each member brings his or her own color to the musical palette. Expect energy, and authentic connection when encountering our band.

We want to lead people into worship. We want to meet people where they are and lead them into the presence of God, to an encounter with the love of God. We want to reach out to people who need to know Jesus. We feel called to lead the “church” into worship, but also to be a light in the secular industry. We also want to promote the musical excellence and spiritual growth that we are learning at Visible Music College.
