I'm sittin' here in the middle of a big mess
I'm tryin' hard, but I just can't contain it
I'm seein' red, and I'm angry, I confess
Tryin' to get through but I'm stuck here strainin'
Barely breathin', wanna feel You in the exhale
Surroundin' me

**I wanna see like You see, love like You do
Choose what You'd choose
Grow me into
Grace and mercy, loving kindness
Gentle goodness all just to
Love Like You**

Don't know if You brought me here to teach me a lesson
If You did, it's gonna be hard to learn it
Repayin' wounds with the gift of a blessing
Givin' forgiveness when nobody earned it
Barely breathin' but I feel You in the exhale
Surroundin' me
Oh, oh, oh, oh
I don't have the strength, but show me the way to

**See like You, love like You
Choose what You'd choose
Grow me into
Grace and mercy, loving kindness
Gentle goodness all just to
See like You see, love like You do
Choose what You'd choose
Grow me into
Grace and mercy, loving kindness
Gentle goodness all just to Love Like You**
