
Biography

Mark & Sarah Tillman "Fragrance"

Mark and Sarah Tillman are worship leaders and singer/songwriters pursuing the heart of the Lord together as a couple. With the heart of pastors they have an immense passion for creativity and community co-existing in the tension between heaven and earth.

Their desire is to see the two worlds come together to become one, releasing a renaissance of worship throughout the earth. Whether exploring the heart of the Lord in spontaneous song or leading a room of passionate worshipers corporately, their desire is that the love of God would invade and transform every spirit and reveal the heart of the Father.

Mark and Sarah's first album is entitled "In My Bones". These songs and melodies are a snap shot of their journey and an invitation into their times of praise, seeking, desperation, and hope in the Lord.
