Where else can I run
When there is no where to go
There's only one place
The only place that I know

Where the captive can be set free
There shines a great light for all to see
Redeeming blood was shed
For you and me

At the cross where my savior died all my sin was crucified
And love hung on a tree
At the cross of amazing grace Jesus hung and took my place
And love died just for me

There's only one place
Where the sinner can stand
There's only place
To be made whole again

Repeat Chorus x 2

Only by the blood by the cleansing flood
Could I stand and sing
Only by Your grace the beauty of this place
Could I be redeemed

Repeat Chorus x 2
