

BIOGRAPHY

See&C “*Dust and Your Breath*”

Chanou grew up in the jungles of Laos. War forced his family into a refugee camp and they later legally immigrated to the United States. Music is an important part of his Lahu culture and journey. A big part of Chanou's life is spending time with his wife, kids, and extended family. He is also a great chef who co-owns Hog Thai Catering in Rochester MN.

Tragedy was the catalyst for Chad's songwriting of the music for See&C. Writing the lyrics and music was part of the process of finding meaning and hope. Outside of playing music and spending time with his wife and kids, Chad works as a computer engineer.
