## See&C “Dust and Your Breath”

**WRITERS:** Chad Hewitt & Matt Patrick

**LICENSING:** BMI

When I finally see you and I run to you  
Words will fail me I'm speechless  
What can I even say? I'm dust and your breath

Pilgrim keep trudging on  
Fix your eyes onto your home  
Got off trail and lost the way  
Lord pursued me called my name

When I finally see you and I run to you  
Words will fail me I'm speechless  
What can I even say? I'm dust and your breath

When I reach the final place  
Streets of gold and pearly gates  
A long journey now at peace  
Found my home with all the saints

Breathe Breathe Breathe  
Life in me

When I finally see you and I run to you  
Words will fail me I'm speechless  
What can I even say? I'm dust and your breath
