### **VERSE 1**

When the morning comes on the farthest hill  
I will speak His name I will praise Him, still  
When darkness falls and my heart is filled  
With the weight of doubt, I will praise Him, still

### **CHORUS**

I will praise Him, still  
Through the storm, the rain, through everything  
I will praise Him, still  
Yesterday, today, there's nothing gonna stand in my way

### **VERSE 1**

When the morning comes on the farthest hill  
I will speak His name I will praise Him, still  
When darkness falls and my heart is filled  
With the weight of doubt, I will praise Him, still

### **VERSE 2**

For the Lord, our God, He is strong to save  
From the arms of death, from the deepest grave  
And He gave us life in His perfect will  
And by His grace, I will praise, praise Him, still

### **CHORUS**

I will praise Him, still  
Through the storm, the rain, through everything  
I will praise Him, still  
Yesterday, today, there's nothing gonna stand in my way
